

# Forensic & Litigation Support Solutions

At Sorren, we understand that navigating legal disputes and financial uncertainties requires precision, expertise, and a trusted partner. Our Litigation Support Solutions provide the clarity and evidence you need to make confident decisions.

When the stakes are high, Sorren is your ally in sifting through volumes of data and uncovering the narrative hidden within. We specialize in presenting complex financial information in a clear and concise manner, forming the foundation for informed decisions and effective case strategies.

With extensive experience across industries, we bring a level of focus and tenacity that ensures no data trail is left unexplored. Whether it's uncovering financial irregularities, quantifying economic damages, or serving as expert witnesses, our experienced professionals are committed to turning complex data into compelling, actionable insights.

## FORENSIC & LITIGATION SUPPORT SOLUTIONS

### Forensic Accounting

- Analyze financial records to identify, explain, and document complex transactions and discrepancies.

### Family Law

- Support divorce and custody matters with accurate financial analysis and valuation expertise.

### Shareholder Disputes

- Clarify financial positions and transactions to help resolve ownership or management conflicts.

### Fraud Detection

- Investigate and uncover fraudulent activity through detailed forensic review and data analysis.

### Insurance Claims

- Assess and validate financial losses to support accurate and timely claim resolution.

### Construction Claims

- Evaluate costs, delays, and damages to support dispute resolution in construction-related matters.

### Contact Damages

- Quantify financial losses stemming from contract breaches or performance issues.

### Lost Profits

- Calculate economic damages resulting from business interruptions or wrongful actions.

### Discovery Assistance

- Organize, analyze, and interpret financial data to support legal discovery processes.

### Expert Testimony

- Present clear, credible financial opinions to support legal arguments in court or arbitration.

From uncovering key financial insights to supporting legal teams in high-stakes cases, our professionals work diligently to provide clear, actionable evidence tailored to your specific needs.
